YOUNG BRIDE OF 13 YEARS SUES HUSBAND FOR DIVORCE.

Paris, Tenn., Aug. 8, 1911. — A bill has been filed in the Henry County Chancery Court in which Mrs. Cassie Woods sues her husband, J. M. Woods, for absolute divorce. The case is the outgrowth of sensational developments. About two months ago Woods' first wife died at childbirth. The baby was taken by Mrs. C. D. Hoofman, but the infant subsequently died. A few days later Woods came to Paris and secured license to marry Miss Cassie Hoofman, the thirteen year old daughter of the woman who had taken care of his baby. Woods swore that the little girl was sixteen years old. The bill alleges that the girl did not understand, and was persuaded into the alliance without the proper knowledge. Woods was arraigned in circuit court for false swearing when the marriage license was procured. The wedding and the suits following have created a decided sensation in the south part of the county. Woods is thirty-five years old.

Birthday Dinner.

On the 29th of July Mr. Story, one of the well known citizens of the western part of Calloway county was surprised by a birthday dinner. Mr. Story was born in the year of 1851 and has been living two miles southwest of Backsburg for twelve or fifteen years. He was sixty years

old that day and his birthday was celebrated by a large host of relatives and friends. He has six children, all girls; three son-in-laws and seven grand children who were present. It would be unnecessary to give the names of the people present that day of which the estimated number was about sixty. You will remember last Saturday was an unlikely day for the people to go anywhere, some of the older people stated that if it had been a pleasant day for the people to have gone that the ground would not have held them all. A large number of baskets of dinner were set back on account of it being too unpleasant to carry it to the dinner although it was eaten and enjoyed by the family at home. There was plenty of good things carried by the people, all kinds of meats, such as mutton, beef and ham, different kinds of cakes, pies and custards and many other kinds of varieties to eat, which were placed on the long table. Then blessing was given by one of the elder brethren, then all hands got busy about that time. It was quite amusing to the people and Mr. Story to see them eat and manage the table affairs. Every body had a cordial invitation to come around and eat something, no one was overlooked and all did themselves justice. The day was enjoyed by all. The youngsters engaged in song services part of the time to the delight of the older people who enjoyed it very much. Mr. Floyd Story was sixty years of age last 29th of July; his surprise dinner was something that he never enjoyed before and it was surprising to him when he came down to his home with his work clothes on and seen the people gathering there. Though it seemed to him that the day was short and as it began to grow late in the evening and the people began to return to their homes he seemed to have a sad look on his face, wondering if he could live to see his sixty-first birthday commemorated with his friends. He gave the people a cordial invitation to come back to see him again.

OLD RESIDENT.

Tortured for 15 Years. by a cure defying stomach trouble that baffled doctors, and resisted all remedies he tried, John W. Modders, of Moddersville, Mich., seemed doomed. He had to sell his farm and give up work, his neighbors said, "he can't live much longer." "Whatever I ate distressed me," he wrote "till I tried Electric Bitters, which worked such wonders for me that I can now eat things I could not take for three years. I surely grand remedy for stomach trouble." Just as good for the liver and kidneys. Every bottle guaranteed. Only 50c at Dale & Stubblefield.

Tobacco Outlook.

Washington, Aug. 9. — The latest report by the government as to the condition of the tobacco crop in Kentucky is made public. It shows the condition of the crop to be bad. In the burley district only 61 per cent of the 1910 crop was planted and the condition of that is bad. In the Paducah district only 66 per cent of the 1910 crop was planted and the stand is bad, and the crop is late and the stand is a bad one; the condition is the worst for several years. In the Upper Green river district the condition is bad and the crop a short one. In the Upper Cumberland, the crop is the worst one in several years, being short and poor in condition. In the Clarksville and Hopkinsville district the crop is short and the poorest in years.

JUDGE PATTERSON'S OFFICE NOW VACANT.

The office of county judge of Calloway county was last Monday declared to be vacant by Judge J. T. Hanbery, judge of the Calloway Circuit Court. This judgement was rendered after S. H. Dees and R. T. Wells, sureties upon the bond of Judge Thos. W. Patterson, the incumbent, had served notice some few weeks ago declaring that upon the first day of the present term of court they would enter motion asking that they be discharged from the bond. The motion was given a hearing Monday and the office declared vacant by Judge Hanbery. Immediately upon rendering his opinion sustaining the complainant's motion Judge Hanbery ordered that Judge Patterson produce into court a new bond of \$25,000, refusing to grant a continuance in order that Patterson might comply with the judgement of the court. Patterson's new bonds-men were examined in open court immediately following the requirement of the judge that he at once produce a bond and after an examination consuming considerable time Judge Hanbery refused to accept the new bond and entered a judgement declaring the office vacated by reason of failure to execute the required bond. A motion for a new trial was entered Thursday and was overruled by the court. An appeal was granted to the higher court.

Thus was settled in the lower court a much mooted question and one that has been the all-absorbing topic throughout the county for the past few weeks. Judge Patterson's friends are strong in their condemnation of the arbitrary tactics resorted to in order to oust him from office. Appointed to the position he now holds by Gov. Wilson, afterwards elected by the people, they feel that unfair and unjust methods were used to prevent his securing a new bond. Judge Hanbery's decision from the bench smacked of a political play to the galleries. It is charged that he acted arbitrarily, especially in the face of the fact that after Patterson's proffered new bond was refused a telegram was presented into open court from the Bankers Surety Co., declaring that a bond would be executed within twenty-four hours, or by 10 o'clock Tuesday morning, which would be the earliest possible hour, the company could produce the bond in court. The Ledger is going to give some details regarding this case and next week will endeavor to make the matter so plain that none can question the reason for the action taken. The Ledger does not desire to do injury to anyone and only expects to present the facts as they absolutely occurred.

THE INSTITUTE WELL ATTENDED. CIRCUIT COURT WAS CONVENED.

The Calloway County Teachers Institute was convened Monday morning of this week at the Murray Graded School building, with Prof. R. M. Shipp, for many years superintendent of the city schools of Winchester, present to conduct the meeting. A large number of county teachers have been in attendance and quite a number of visitors from other counties present. The institute has been one of the most successful ever held here and has resulted in great good to the teachers participating. The program was well arranged and the subject matter discussed in an able way. Prof. Shipp delivered his lecture, "Sweet Home," at the school house Thursday night and was heard by a large audience. Mrs. Charles Weaver, of Louisville, and the wife of former Mayor Weaver, of that city, was here Friday as a representative of the state School Improvement League and addressed the institute Friday morning. She is one of the state's ablest and most brilliant women and her address was the guest of O. J. Jennings and wife. She returned to Louisville Friday at noon. The teachers who have attended the meeting will again enter upon the school work next Monday and much better equipped for the work.

Lynn Grove.

Crops are looking very well since the showers.

Baus Story is the proud stepping father of a fine girl. Dr. Crawford being the good looking old grandfather. Mother and babe are getting along very well at present.

Revs. Hollie and Fain closed their meeting Saturday with good success.

Rev. Morgan is holding a protracted meeting at Williams Chapel this week. There has been several additions to the church.

Chas. Madden and family are visiting in Tennessee this week. Miss Gladys Carlton visited relatives here the past week.

Misses Clara and Carl Wilkins spent a few days here attending the meeting.

School opens 2nd Monday in August. Galen Windsor as teacher.

Charlie Armstrong visited his grand fathers the past week. Will close success to the Ledger and its readers.

FORGET-ME-NOT.

Girl Kills Self.

Fulton, Ky., Aug. 8. — Miss Rose Balzell, the pretty little 14 year old daughter of William Balzell, a prominent mill man of Dukedom, Tenn., nine miles east of here, committed suicide Monday afternoon about 1 o'clock by swallowing carbolic acid. No note of any kind has been found and no cause is known as to why she wanted to die.

Harris Grove.

Crops in this section are growing nicely since the recent rains. Bias Adams and George Carroll made a business trip near Fulton the past week.

Ed Phillips called on Bud Jones and family Saturday night.

George Miller was elected school trustee in the Denham district last Saturday.

Uncle Houston Holden passed through this place last Saturday. At last reports Lucien Hart was improving nicely.

Judge Denham has his new tobacco barn near completion.

George Sanders has been confined to his bed for sometime with rheumatism.

A series of meetings has just closed at Williams Chapel with many additions to the church.

Fall Victim to Thieves.

S. W. Bonds, of Coal City, Ala., has a justifiable grievance. Two thieves stole his health for 12 years, they were a liver and kidney trouble. Then Dr. King's New Life Pills throttled them. He's well now. Unvalued for constipation, malaria, headache, dyspepsia. 25c at Dale & Stubblefield.

Judge Alvin Barkley of Paducah, and judge of the McCracken county court, was in Murray Monday attending the opening of the regular August term of the Calloway circuit court. Judge Barkley will deliver an address at the W. O. W. and tobacco association picnic at Farmington next Saturday. He is a clever gentleman and is winning many friends throughout the district. Judge Barkley is a possible candidate for congress to succeed James in case of his election to the United States senate.

Internally.

Dr. Be's Anti-Pain cures colic, flux, diarrhoea, cramps and all bowel complaints. EXTERNALLY: — Cures sore breasts, corns, bunions, toothache, neuralgia, and all pains. Sold everywhere. It is antiseptic.

ASSOCIATION IN LEAD ON PRICE.

The people of the Farmington district are enjoying high prices for their tobacco because of the fact it was placed in the association. It has developed this year that those who had tobacco in the association, really got better prices and were better satisfied than the sales made elsewhere. The best price paid for any tobacco as far as known in Graves county was to Mr. Orville Malone, near Farmington, who received \$14.00 for his leaf; Kit Ervin, of the same community, \$13.00; John Turnbow, of the same community, \$13.00. Nearly all the tobacco in that section was in the association.

And since the books will finally close on Saturday, Sept. 2, 1911, a great number of farmers who have been out of the Association for some time are going in again.

It is thought that the day is not far distant when there will be a good organization in Graves county and that the fight for tobacco will be between the order houses and the association.

Those who have stuck to the association through all of its trials and disappointments are better satisfied than ever with the results they are getting by remaining members of it. — Mayfield Messenger.

Wife Got Tip Top Advice.

"My wife wanted me take our boy to the doctor to cure on ugly boil," writes D. Frankel, of Stroud, Okla. "I said put Buckle's Arnica Salve on it. She did so, and it cured the boil in a short time." Quick healer of burns, scalds, cuts, corns, bruises, sprains, swellings. Best pile cure on earth. Try it. Only 25c at Dale & Stubblefield.

For Sale: One mule, one mare and mule colt, and one stanhope buggy. Or will trade for a good sound family horse, but the horse must be absolutely safe. NOAH GILBERT.

DR. DICK KEYS LOCATED IN MAYFIELD TO PRACTICE.

Dr. Dick Keys left the first of the week for Mayfield where he has associated himself with Dr. J. C. Puryear in the practice of medicine. Dr. Puryear is one of the leading physicians of Graves county and with the addition of Dr. Keys to the firm will readily rank as one of the foremost in Western Kentucky.

Dr. Dick Keys is a son of J. H. Keys, of Almo, and a young man of exceptional merit and capability. He is a graduate of the Vanderbilt Medical College, Nashville, where he won the second medal honor in a class of several hundred students. After completing his studies he was elected intern at the City Hospital, Nashville, where he remained more than a year. The learning he gained in this great institution especially fits him to enter actively upon the duties of his profession. He is well capacitated professionally, a young man of fine manners and will win friends and admirers in his new location. His scores of friends in this county, while regretting to see him leave Calloway, wish for him success and health in his new home.

The infant child of Howard Sweett and wife, of near Martins Chapel, died Wednesday afternoon. The young parents have the sympathy of a large circle of friends in their bereavement. The baby was born Monday.

Numerous Readers.

Without president or executive govern-
ment, with two rival revolutionary
factions in control of the capital and
threatening to fight for supremacy,
there seems little prospect for peace
in Haiti.

That former Governor James K.
Vardaman has been chosen the dem-
ocratic nominee for United States sen-
ator—equivalent to an election—is
conceded by both of his opponents in
the primary, United States Senator Le-
roy Percy and C. H. Alexander.

The senate without division passed
the congressional reapportionment
bill, fixing the membership of the
house, beginning with the next con-
gress, at 431, and defining the alter-
nations in the several states. Two at-
tempts made to reduce the member-
ship as fixed in the house bill failed.

Following a conference held be-
tween Justices Lacombe, Ward and
Noyes of the United States circuit
court and a great array of counsel
that figured in the prosecution and
defense of the American Tobacco com-
pany, the court, at New York, hand-
ed down a decree carrying out the
mandate of the supreme court.

The president of Mexico declared
his determination to devote his powers to a realization
of the ideals of the revolution and to
guarantee the security of life and
property, adding that he was prepared
to handle any situation with firmness.
He stated that 27,000 soldiers were
available to effect his purposes.

The body of Carey B. Manker, the
defunct banker from Pearl, Ill., who
ended his life in the prison at San
Francisco, is lying at the city morgue
pending instructions from Manker's
family. The police have been unable
to discover where he obtained the
knife with which he stabbed himself
in the neck.

Major General Carter has been re-
lieved of command of the maneuver
division of San Antonio, Texas, and
was ordered back to Washington to
resume his duties as assistant chief
of staff of the army.

The Standard Oil company of New
Jersey has announced the general
plan of its dissolution into its com-
petent parts in accordance with the de-
cree of the United States supreme
court. The process will follow the
lines reported a few days ago, and
the company will be subdivided into
33 individual units.

Interest in the disappearance of
Dorothy Arnold was revived when it
became known that Mr. and Mrs.
Francis R. Arnold, of New York, her
parents, had sailed for Europe. Mr.
and Mrs. Arnold, it is said, not desir-
ing publicity as to their sailing, were
not on the passenger list as made
public.

A conference of weighty importance
to the traveling public and the big
railroads began at St. Louis, when the
attorney general of seven states met
to discuss railroad rate litigation. The
states represented in the conference
are Arkansas, Oklahoma, Minnesota,
Missouri, Kansas, Nebraska and Iowa.

Attorneys for labor union leaders
said that application for a writ of
habeas corpus for James Holsie, a Los Angeles de-
fendant, charged with kidnapping John
J. McNamara, was filed in the office
of Governor Marshall.

A news agency at Tokyo which it
is understood, is close to a member
of the cabinet, says Count Katsura
tendered his resignation as premier,
July 27, and recommended Marquis
Saito for that post. The change
probably will be announced August 28.

In anticipation of satisfactory crops,
the railroads are beginning to place
substantial contracts for equipment
for fall delivery. The Missouri Pacific
has issued a request for the construc-
tion of 4,435 cars of various kinds.

The president is likely to veto the
La Follette wool bill or any such
measure passed at this session, based
on the fact that the tariff board au-
thorized by congress to study the tar-
iff scientifically has not reported.

The Moroccan crisis is practically
ended. At least this is the opinion of
the English public, although the for-
eign office is careful to point out that
the negotiations are not simple and
may drag on for months.

The Missouri state capital \$2,500,000
bond issue has been approved by the
voters by an overwhelming majority.
Such opposition as there was had
been effective in only a few localities.
These were mostly in the southern
part of the state.

Imports into the United States for
the fiscal year 1911 were less than in
1910, according to statistics made pub-
lic by the department of commerce
and labor. The value of the year's
imports shows a decrease of \$2,000,000,
or about 4 per cent below imports
of 1910.

TIMELY RAINS SAVED GARDENS

THOUSANDS OF DOLLARS BET-
TER OFF ARE THE FARM-
ERS OF KENTUCKY.

Cheerful Information and Ad-
vice—A Few Figures
Are Given.

Frankfort.—Farmers' truck garden
ers and fruit growers in this state
have been saved thousands of dollars
by the rains. Commissioner of Agri-
culture Rankin has been getting in-
formation over the telephone and by let-
ter that the rains came in time to save
the last vestige of the crops this year.

The loss from the drought has been
greater than estimated, and it has not
been confined to any section of the
state.

The crop report of Commissioner
Rankin for July shows the smallest
percentage of crops ever known in
this state, which gives another oppor-
tunity to say to the farmers that they
will do well to adopt the shallow meth-
ods of cultivation so often recommend-
ed by his department. Such a method
of cultivation he thinks would enable
the crops to withstand the drought.

Compared with the crops of last
year, the yields in percentages for the
present harvest are: Wheat, 96 per
cent; corn, 84 per cent; alfalfa, 84 per
cent; soybeans, 84 per cent; clover, 84
per cent; peas, 84 per cent; apples, 84
per cent; peaches, 84 per cent; and live
stock, 84 per cent.

Alfalfa, being a deep-rooted plant,
withstood the drought better than any
other crop, except wheat and soybeans,
which latter two did not suffer much
because of their maturity when the
heat waves came.

The revolutionary crisis in Haiti,
with the fall of President Simon's gov-
ernment apparently inevitable, caused
the navy department to order the
cruiser "Albatross" to the coast of
Haiti, and one of the fastest boats
in the navy, to Port-au-Prince, to re-
enforce the American warships pa-
trolling the coast of the republic.

Combined in the same alliance that
resulted in the passage of a compro-
mise wooden tariff revision in the sen-
ate last week, the democrats and re-
publican insurgents of that body
passed a compromise farmers' free
list bill. The original house bill first
was defeated and then re-offered in
modified form by Senator Kern of
Indiana.

The capital of Haiti has been com-
pletely invested by the revolutionists,
and it is probable that they will re-
fuse a delay of three days, asked by
President Simon to effect plans to se-
cure the capital from pillage, and will
enter the city immediately.

As a climax to the unprecedented
drought the Carolinas is experiencing,
152 cotton mills in North and South
Carolina shut down because the water
in Catawba river is so low the South-
ern Power company cannot supply the
plants with power.

It was announced that the New
York Central railroad is planning to
consolidate all of its lines under one
company. Negotiations between the
company and its bankers have been
progressing for weeks, it is said. An
imposed bond issue to take over ex-
isting bonds is providing working cap-
ital is contemplated.

Leading railroads throughout the
country are preparing to combat the
widespread demand for a general
reduction in the express rates. Their
position, which heretofore has been a subject
of speculation, was made clear at the
second day's hearing of the express
charges and express companies' meth-
ods before the subcommittee.

Nine rioting miners were shot and
22 wounded in the streets of El Oro,
Mexico, by troops in a battle waged
by the military armed with bullets on
one side and the malcontents hurling
chunks of gold-bearing ore from the
cars in front of the mills.

Miss Hazel Schmidt, daughter of
former Alderman George Schmidt, of
Vandalia, Ill., was awake for five
hours and ate three hearty meals.
She had slept almost continuously for
105 days. Miss Schmidt, said she
could not realize that she had slept so
long, and that she didn't feel the
least bit ill from it.

In an automobile accident at St.
Paul, in which a truck filled with 36
men and women returning from a
day's picnic plunged over a 20-foot
embankment, one man, William F.
Block, was perhaps fatally injured,
and two others, one of them a girl,
were badly hurt. All in the party
were seriously injured and bruised.

Fifty persons were hurt, some se-
riously and one woman probably fa-
tally, when a Big Four excursion train
bound from the west for Atlantic City
was derailed on the Litchfield Valley
railroad near Burdett, N. Y.

The eleventh parliament of Canada
has passed out of existence and upon
the general completion of the new
one to be selected September 21, will
depend the fate of the reciprocity
agreement between the United States
and Canada.

The Roberts Johnson & Rand Shoe
company and the Peters Shoe com-
pany, leaders in this important St.
Louis industry, were consolidated in
articles of agreement in a \$300,000
concern, the largest in point of size
and annual output of all similar or-
ganizations in the world.

STREETS LIKE A STAIRWAY

Picturesque Passageway Up Which
Ascent Is Gained by Climbing.
Numerous Flights of Steps.

Algers, Africa—One of the oldest

towns in the world is Algiers, North
Africa. This city which today bears
the name of Algiers is the successor
of the Roman town of Icosium, which
was destroyed by the vandals in the
fifth century; and Icosium, in turn,
was the successor of a Numidian
town, which can be traced back to the
remotest antiquity.

Algiers is picturesque and one of
its most picturesque sights is the
street of the camels, which is in the
heart of the city.

At the beginning of the year there
were fifty-one legal reserve life com-
panies doing business in Kentucky.

The total admitted assets of these
companies as given for December 31,
1910, were \$3,546,307.79; liabilities
to policy holders \$3,413,108.04; sur-

Old Building for an Armory.
After remaining unused for nearly
two years the old executive building,
in the old capital square, is to be put
to some use. The second floor of the
building will be used as an armory
and drill hall for the Frankfort com-
pany of the Kentucky national guard.
The local company recently was must-
ered into service with fifty-seven men
and the adjutant general decided that
the old building, which has been aban-
doned might as well be put to
some use. The building is well adapted
for armory purposes. There is a
large room which will be used as a
drill hall and two smaller rooms which
will be used for lockers and for offi-
cers' meetings. The state and county
together will put the rooms in condi-
tion and furnish them so that the local
company will have one of the best ar-
mories of any company in the state
outside of Louisville. Since the state
officials have taken office in their new
building the old capital has been de-
serted and the rooms used for noth-
ing, not even for storage.

Must Dip Sheep.
The state live stock sanitary board
issued an order covering all sheep-
pening Kentucky, and gives instruction
that all sheep coming into this state
from other states, unless for immen-
se slaughter, shall be dipped in a
solution of nicotine dip or a lime
or sulphur dip. The order also pre-
scribes that when shipments of sheep
originating in or in transit through
the state, shall be found diseased, the
cars, bins, vehicles, and sheds, etc.,
that have contained the diseased sheep
shall not be used until cleaned and
disinfected. All sheep moved into the
state of Kentucky must first be inspec-
ted by a state live stock inspector, and
the certificate of inspection must be
presented to the waybill.

To Discuss Pellagra.
Following the discovery of 17 cases
of pellagra in the Eastern Kentucky
region, the state board of health has
called a meeting for the purpose of
discussing the disease. The meeting
will be held at the state board of health
on August 2, to discuss remedies, and
it is likely that the government and
the Rockefeller institute will be asked
to send experts to the meeting.

Flags For Soldiers.
Samples of the flag which will be
used officially by the state for the
members of the National Guard of
Kentucky have been received by the
adjutant general and probably or-
dered for the use of the company and
regimental flags, which will cost \$200
each. The best company in each reg-
iment will have a flag and the best
of the three regiments will have a
regimental flag.

M. C. Penny to West Point.
Representative Harvey Helm ap-
pointed M. C. Penny, of Stanford,
to West Point. Mr. Penny will take his
examations next winter. Mr. Penny is
the son of the late Judge M. C. Penny
and the grandson of the late Judge M.
C. Standley.

Gov. Good Shot.
Gov. Wilson qualified as an expert
in the rifle shooting at Camp Orell and
was elected to shoot for a place on the
state team. He was asked to try. He
made a score of 102 when he won the
title him to the standing of expert.
He made five bullseyes at the 500
yard range.

Planning Mill Sold.
The Lyons Lumber Co. bought the
Choate planing mill, paying \$8,000 for
the plant, which will be run in con-
nection with the lumber company.

Snake Victim Shoots Off Finger.
Renovo, Pa.—While picking berries
near here, Charles Smith was bitten
by a rattlesnake. Having no weapons
and being miles from a doctor, he
whipped his revolver from his pocket
and shot off the end of the finger,
letting out the blood and poison with
a rush. The prompt act saved his
life.

Quite an Egg for a Hen.
Goldendale, Wash.—One of Frank
Vincent's hens has laid an egg meas-
uring eight inches around one way
and five and three-eighths the other.

Bride Had But Exercised Recognized
Privilege That Is Universally
Granted.

A young couple had been courting
for several years and the young man
seemed to be in no hurry to marry.
Finally, one day, he said:
"Say, I cannot marry thee."
"How's that?" asked she.
"I've changed my mind," he said.
"Well, I'll tell thee what we'll do,"
said she. "If folks know that it's
thee as has given me up I shanna
be able to get another chap; but if
they think I've given thee up I can
get all I want. So we'll have banns
published and when the wedding day
comes the parson will say to thee:
'Wilt thou have this man to be thy
wedded husband?' I shall say: 'I
wina.'"

The day came, and when the min-
ister asked the important question the
man answered: "I will."
Then the parson said to the woman:
"Wilt thou have this man to be thy
wedded husband?" and she said:
"I will."

"Why," said the young man furiously,
"you said you would say 'I win-
na.'"

"I know what," said the young
woman, "but I've changed my mind
since."—Mack's National Monthly.

ed the catcher.

"Somebody in the grand stand ap-
plauded me," he said, wiping the
blinding tears from his eyes, "and I
wasn't prepared for that."

THE MURRAY LEDGER,

O. J. JENNINGS, EDITOR.

Entered at the postoffice at Murray, Kentucky, for transmission through the mails as second class matter.

THURSDAY, AUGUST 10, 1911.

A WISE PROPHET.

The Republicans are doing all in their power to get as many votes in the Senate and House of Representatives as possible in order to defeat Mr. James for the United States Senate. They hope to pick up one in the Third Senatorial district by defeating Mr. Seldon Glenn, but in this they will find themselves mistaken. They are trying to get Editor Jennings, of the Murray Ledger, to be a candidate as an independent, and to this end Mr. Lanley, the chairman of the Republican campaign committee, came down into this district and put a quietus on the Republican convention which was called to nominate a candidate for the Senate, in the hope that he could get some good strong man to run against Mr. Glenn. It looks now like Mr. Jennings may be a candidate for the State Senate in that district.—Mayfield Messenger.

To quote the scriptures on Bro. Lemon the Ledger would say, "a prophet is not without honor, save in his own country, and in his own house." We're satisfied, however, that the Messenger editor would not be able to take his bible with a complete concordance as a reference and find this quotation in a week's time. But we must accord to the editor of the Messenger some intelligence and we believe that if he will read the editorial column of the Glasgow Times carefully that he can find out the exact hour the sun will rise and set tomorrow, but where the Messenger ever discovered the forecast for his prophetic declaration that "it looks now like Mr. Jennings may be a candidate for the state senate," we fail to understand.

While the matter is fresh in mind let's enter into a short diagnosis of the Messenger's prophecy. We quote again:

... They hope to pick up one in the Third Senatorial district by defeating Seldon Glenn, but in this they will find themselves mistaken.

Now, let's see. Wonder if the Messenger has reference to the people of this district when he says "they"? If that is the inference we would recall to this rather absent-minded individual who presides over the destinies of the Graves county paper that "they" did some political stunts here in Calloway county two years ago this fall that, compared to administering a defeat in Third district, would be mere child's play. Calloway democrats are in a more determined mood today than ever before in the history of the county to demand justice. Boss ridden and gang ruled until forbearance has ceased to be a virtue, denied the right of voting and having their vote counted as cast, denied the right of naming their nominees, as a reference the one man nomination that Sugar Glenn is parading around over the district, secured by fraud and cheat and not a single democrat of this county being granted an expression, villified and abused because they refuse to submit to the yoke and shackles of a gang of political pirates, hell bent on the destruction of the party within this county and district, the mighty masses are rising again in their wrath and a day of reckoning is approaching.

Now, Mr. Prophet, take our advice and do not gamble too much upon your statement to the effect that "they will find themselves mistaken." In case Mr. Jennings should become a candidate for the state senate rest assured that Sugar Glenn will have a foot race to run before he overwinds the bosom of his trousering seat at the state Frankfort.

Destroying the Party.

The Courier-Journal has gone beyond all bounds of reason, or even of decency, in its attacks upon the temperance people, and temperance sentiment in Kentucky, and is doing the Democratic party incalculable injury. Its recent assertion that prohibition breeds the Third House and incites generally corrupt conditions is simply the ravings of a stark lunatic, and has aroused deep indignation and keener resentment everywhere. In its latest fit of rabies, the Courier-Journal goes the limits of madness and shouts: "The Republicans have sprung this issue to mystify, confuse and evade. If we accept their plan—if we do not put our foot upon it now—we shall go on until we have to face prohibition outright, with corruption at Frankfort, created by the very men who want to keep the question alive. It is the very pivot around which the Third House revolves. Wherever it has flourished there also has flourished corruption."

Fortunately, the public is well versed as to the malodorous reputation of the Courier-Journal, and the no less spotted record of its editor. For fifteen years both have misrepresented and defied the healthy public sentiment of the State, and have incubated the Democracy like a night mare.—Glasgow Times.

Will Organize Graves.

Hon. John H. Keys, of Calloway county, J. W. Usher, of near Farmington, and various other committeemen of various parts of the county, held a meeting here Monday in the interest of the tobacco association. They are considering the advisability of making a whirlwind campaign of ten or fifteen days for the purpose of organizing the county and asking the tobacco farmers to pledge the crop in the association.—Mayfield Messenger.

Pain in Heart

"For two years I had pain in my heart, back and left side. Could not draw a deep breath or lie on left side, and any little exertion would cause palpitation. Under advice I took Dr. Miles' Heart Remedy and Nerve. I took about thirteen bottles, am in better health than I ever was, and have gained 14 pounds."

MRS. LILLIE THOMAS, Upper Sandusky, Ohio. For many years Dr. Miles' Heart Remedy has been very successful in the treatment of heart troubles, because of its tonic effect upon the heart nerves and muscles. Even in severe cases of long standing it has frequently prolonged life for many years after doctors had given up all hope, as proven by thousands of letters we have received from grateful people.

Dr. Miles' Heart Remedy is sold by all druggists. If the first bottle fails to benefit your druggist will return your money.

national house of representatives. The funeral arrangements have not been announced, but it is expected that the obsequies will be of a military character and the body laid to rest in this city next Sunday.

General Gordon had been at northern resorts in an effort to regain his health, but was brought home Monday, when his condition grew worse.

Will Speak for McCreary.

Louisville, Ky., Aug. 7.—According to information from Glasgow, based upon a statement made by Jim Richardson, a staunch and close friend of Bryan and a party leader, the Nebraskan is to come into Kentucky and speak for McCreary in the state canvass soon to open. Senator Stone, of Missouri, and Senator Gore, of Oklahoma, are also down on the list as certain speakers in the canvass, which would indicate that the Democrats mean to leave no stone unturned to win the contest if they can.

Obituary.

The reaper, Death, has stolen into the vineyard of mortals and as its victim selected the most fragrant flower of the garden, not to wither and fade, but to be transplanted in the paradise of God.

On April 13th, 1910, Death with its icy fingers touched the brow of one of our fairest and dearest jewels, Otho McCuiston, son of Mr. and Mrs. H. C. McCuiston; aged 6 years, 9 months and 3 days.

There was an angel band in heaven not complete, so God called Otho to fill the vacancy. We cannot understand why he was taken so young, but we know that "all things work together for good to them that love the Lord."

He leaves a father, mother, four brothers, and three sisters to mourn his departure. We would say to the grieving ones weep not, but be reconciled by the blessed thought that "God doeth all things well."

While it is hard to break the tender tie that binds us to our loved ones, yet we remember that "The Lord giveth and the Lord taketh away; blessed be the name of the Lord." He was laid to rest in the McCuiston graveyard after funeral services by Bro. Muney Meador from 15th chapter 1st Cor.

We shall sleep but not forever. There will be a glorious day. We shall meet to part no never. On the resurrection morn.

A friend.

MURRAY GRADED SCHOOL TO BE CONVENED AUGUST 21ST.

Definite announcement has been made that the Murray graded school will be convened Monday, August 21st. This is a little earlier than the school has been convened the past few years but the change was thought to be best by the board and the action was finally taken at a recent meeting of the board. The teachers are eager for the work to commence, and after a generous vacation will enter upon the discharge of their duties with renewed vim and vigor. Practitioners are freely made that the convening term will be one of the most successful in the history of the school.

WORST REPORT IN TEN YEARS.

Washington, Aug. 9.—A tremendous decline in the condition of crops, which is general throughout the country, and traceable to the summer's droughts and intense heat, occurred during the past month, as indicated by official figures and estimates made public today in the monthly report of the department of agriculture. The report shows the worst conditions existing during any month the department has bulletin since 1901.

The area most seriously affected extends from New York and Pennsylvania westward toward the Rocky mountains, embracing all the great corn, wheat and hay producing states.

In the southern states, with the exception of Virginia and North Carolina, ample rains have served to maintain generally favorable conditions.

A Cold

Is not necessarily serious, provided it is taken care of. It is frequently the starting point of many dangerous diseases. When it comes use Dr. Bell's Pine Tar-Honey. Look for the bell on the bottle.

In Memory.

Sister Adaline Graham was born May the 8th, 1818, died June 15, 1911, aged 93 years, 1 month and 7 days; was married to Bro. H. M. Graham November the 8th, 1877, to which union was born four children, two of which preceded her to the grave.

Besides the two children she leaves four step-children, three sisters, two brothers, and a host of friends to mourn her loss.

Very early in life Sister Graham sought and found the Lord gracious to her soul, and joined the Cumberland Presbyterian church at Pleasant Grove where she lived a true and devoted christian life till God took her to that beautiful home in which she had been laying up treasures these many years of faith, hope and labor.

She wanted to leave a comforting thought to the loved ones behind, so just before she crossed over the river she said "there is nothing in the way." This is not only a comforting thought, but it is witnessing to the fact that Jesus can and will keep the way clear that it may grow brighter and brighter all the way.

Sister Graham will be missed in her church and in the sick rooms of her neighborhood, in either place she was at home and at her post, but now she has joined the praising throng, in the city of God, who are resting from their labors and whose works follow them.

The funeral was conducted by the writer and the body laid to rest in the West Fork cemetery to await its change, to wit, the resurrection. S. B. RUDOLPH.

FLIES have no use for a Westinghouse Electric Fan—they are as helpless in the air currents which it produces as a bi-plane in a hurricane. No matter what tempting morsels your table affords, turn the button that starts the fan and every last fly will vanish.

That's one reason why the larger sizes of Westinghouse Fans are used in all the best restaurants and why you should have a little Westinghouse Fan in your home. Another reason is solid comfort. You find the air currents that are shunned by the flies very agreeable and refreshing on a hot day.

You use the fan in the dining room at meal time and in the kitchen before and after, then in the living room, then on the porch, then in the bed room. It is always in demand somewhere. Keep it going all day—from 2 o'clock in the evening till 12 at night, and the cost for current will be between two and three cents. Pretty cheap comfort, is it not? Telephone for one to-day.

Two Hundred Cash Down

By CLARA INEZ DEACON

Mr. Bob Campbell had gone up to the mountain resort with full two hundred dollars in his pocket, and a liberal balance was left in the bank after he had drawn that sum. Mr. Campbell dabbled a little in painting and oils. Some folks referred to him as an artist, but he never claimed the title. He said he just dabbled and dabbled because it helped him to get away.

down to the railroad in the bus and telegraph my bank. Do I look like a hotel?

"I shall object to your going to the railroad, except with the sheriff, and as for your bank I have nothing to say. It's my money I want. You'd better look around and see if you can't borrow it."

It was not for Mr. Campbell to raise a row, though he trembled with indignation. A row would only call everybody's attention to him and his embarrassing situation. For now? Of whom, when he had not seen the face of an acquaintance? Even if permitted to go to the railroad station along the bank would be closed at noon of the day. As to taking French leave, he hadn't money enough to pay his fare ten miles. Then what to do and how to get out of it?

SAVED FROM AN OPERATION

By Lydia E. Pinkham's Vegetable Compound

For two years I suffered from the most terrible pain in my back and legs. I was unable to walk and was in constant agony. I had tried everything but nothing helped. I was told I had to have an operation, but I was so weak I could not stand the thought of it. I then tried Lydia E. Pinkham's Vegetable Compound and in a few days I was able to walk and the pain was gone. I am now as well as ever and I will be glad to answer letters. Mrs. CHRISTINA REED, 106 Mound St., Peoria, Ill.

Another Operation Avoided. New Orleans, La.—"For years I suffered from severe female troubles. Finally I was confined to my bed and the doctor said an operation was necessary. I gave Lydia E. Pinkham's Vegetable Compound a trial first, and was saved from an operation."—Mrs. LILL FRYNOX, 1111 Kerlere St., New Orleans, La.

The great volume of uncollected testimony constantly pouring in proves conclusively that Lydia E. Pinkham's Vegetable Compound is a remarkable remedy for those distressing feminine ills from which so many women suffer.

IN THE COUNTRY. "Got you at last! Your name is Chalmers." "Well?" "You paint portraits and things." "Well?" "Well, you painted my portrait about three years ago. My name is Gregg. Funny you didn't know me at first sight, after so many sittings."

"Yes, and you must excuse me, Mr. Gregg. Yes, I ought to have recognized you at once, but—but—" "But you were meditating?" "Yes. I am in a little trouble."

"Glad of that, for I always like to advise. Just go ahead and tell me all about it."

"It was a humiliating thing to do, but it was done, and Mr. Gregg enjoyed every word of it. When the tale was finished he said: 'Chalmers, I'll make a bargain with you. I paid you three hundred dollars for that portrait, but it's so execrable I never hung it up. If you'll agree to never paint another I'll lend you two hundred more.'"

Mr. Chalmers was not hurt a bit. He had always said he was no artist, and that he painted the buyers of his portraits and landscapes. He reached his hand for the bills, and Mr. Gregg passed them out and added: "Two hundred dollars, and I'll introduce you to my daughter Molly Deakins. Here she comes. Molly, this is Mr. Bob Chalmers, who I have just hired to do no more portrait painting. He'll tell you why while I move on."

Life had suddenly changed for the dabbler. No more suspicious—no more dead beats—no more shrews! He even felt that his case of dyspepsia was fleeing. He even laughed about the bargain he had just closed. And that evening when the fat Mr. Gregg asked his daughter how she liked the young man, she replied: "Say, Daddy, you were real mean and cruel. He's the very artist I had picked out to paint my own portrait."

"He'll make a mess of it, dear." "But I'm sure he won't." "But look at mine."

EVIDENTLY SHE WAS ANNOYED

Good Wife's Punishment, Intended for Husband, Poor Compensation to Revivalist.

A revivalist had been holding services at a town in Mississippi when a heavy rain came on, and he accepted an invitation to pass the night at the house of one of the townsmen. Observing the preacher's drenched clothing, the host brought out a suit of his own and sent his guest upstairs to don it.

The good man had made the change and was on his way back to the sitting room, when the woman of the house came out of another room, holding in her hands the big family Bible, out of which the minister was to be invited to hear a chapter before the family went to bed.

"She was not, however, in a very amiable frame of mind, for careful housewives are likely to be put out of sorts by the advent of unexpected company. Seeing the revivalist in his borrowed garments, she mistook him for her husband, and as he passed in front of her she lifted the book and brought it down sharply on his head. 'Bible!' she exclaimed. 'Take that for asking him to stay all night!'"—Lippincott's Magazine.

Sufficient Evidence. Having vouched for the honesty of the woman who wished a situation as scrub-woman, the good-natured man was subjected to a severe examination by the superintendent of the building.

"There are degrees of honesty," said the superintendent. "How honest is she?"

The good-natured man reflected. "Well," said he, "I'll tell you. She is so honest that if you throw anything that looks to be worth a copper into the waste basket you have to tag it 'Destroy this,' or she will fish it out and put it back on your desk."

To Laugh at Tuberculosis. Much ignorance prevails among the unfortunate victims of tuberculosis, and families of these unfortunates, according to the Los Angeles Herald, for such are these words spoken by Adolphus Knopf should be chiseled in imperishable granite. Or, better still, they should be published in every public print. viz.: "There is no such thing as hereditary tuberculosis. The remedy is simple and all should know it. It is one of the most easily curable of all the chronic infectious diseases. You can cure consumption by the untainted use of God's good fresh air, twenty-four hours in twenty-four, plenty of good food and plenty of good water, inside and out. You all know that cleanliness is next to godliness. Children should get all the fresh air possible. They should sleep and play in the open air. They should attend open-air schools."

Baffling the Mosquito. Last summer we were pestered with the awful nuisance, mosquitoes, night after night, and on one occasion killed between thirty and forty in our bedroom, at midnight. The following day I took a wire cloth, put a little kerosene oil on it, and rubbed both sides of the wire mesh of the screens with it. That night one lonely mosquito disturbed our rest. Two or three days later I rubbed the screens in like manner, and we enjoyed peace the rest of the summer. The odor from the oil remains only a few minutes, and the oil itself preserves the screens and keeps away flies.—Good Housekeeping Magazine.

Distressing. "Here is the account of a poor woman who lost both arms in a railroad wreck. 'He must be dreadful to go through life without any arms.' 'Yes, indeed. And much worse for a woman than for a man.' 'How is that?' 'Well, a woman without any arms can't reach around to feel if the back of her collar and the back of her belt are all right.'"

Tit for Tat. A young man, who had not been married long, remarked at the dinner table the other day: "My dear, I wish you could make bread such as mother used to make. The bride smiled and answered in a voice that did not tremble: 'Well, dear, I wish you could make the dough that father used to make.'"

Important to Mothers. Examine carefully every bottle of CASTORIA, a safe and sure remedy for infants and children, and see that it bears the Signature of J. C. FLETCHER. It is the Use For Over 30 Years. Children Cry for Fletcher's Castoria.

Wanted to Know. Ella—She has a rosy mouth. "Ella—Does that explain her making so many flowery speeches?"

NOTHING BUT AN AMATEUR

Fair Damsel's Questions That Revealed Calf-Lover in His True Light.

"Do you really and truly think I am beautiful?" she asked. "You are simply divine," he replied.

"But there are other girls whom you think more beautiful than I?" "No, I don't think there is a more beautiful girl in the world than you."

"There are other girls you think are just as beautiful, though?" "You are more beautiful than any other girl I ever saw."

"I suppose there are plenty of girls whom you consider almost as beautiful as I am?" "I think you are far more beautiful than any other girl that ever breathed."

"Well, why didn't you say that in the first place?" "That was what I meant, if I didn't exactly say so."

Exhibition of Real Faith. William Spill's little girl, who had been playing at making mud pies, added by a tiny sprinkling can for a reservoir, ran to her father as he alighted from a car, bearing a package of dry-cleaned wearing apparel. Pointing to her muddy little boots Father Spill admonished his tiny daughter, impressing her with the value of a neat appearance.

That night the young lady offered her usual prayer with great earnestness. "And don't forget, dear Lord," she prayed fervently, "to dry-clean our street, and my shoes, for Jesus' sake, amen!"—Cleveland Leader.

Smith—My boy thinks he'll be a pirate when he grows up. Jones—Thinks there is more money in piracy than anything else, eh? Smith—Yes; but I think he's got Morgan, the buccaner, mixed up with Morgan, the financier.

An Undefinable Definition. A few days after school opened in the spring a teacher in a Brooklyn school was testing the members of one of her old classes on what they had remembered of the definition she had taught them during the preceding term. Finally she asked the bright boy of the class this question: "Now, Robert, tell me what a hypocrite is?"

"A hypocrite," replied Robert with hesitation, "is a kid w't comes to school with a smile on his mug."

Leaving Him at Sea. "Could you do something for a poor old sailor?" asked the seedy-looking wanderer at the gate. "Poor old sailor," echoed the lady at work at the tub. "Yes'm, I follered the wotter for 16 years."

"Well," said the woman, after a critical look, "you certainly don't look as if you ever caught up with it." Then she resumed her labors.

An Intangible Legacy. "I run hesh, Liza, dat yo' Aunt Je-rusha dun meck yo' her beir by de law. 'What yo' dun get?' 'Des 'ractly what I dun et up an' wore out.'—Success Magazine.

More Than That. "Did they water the stock?" "They fairly turned the hose on it."

THEY FORGOT TO SET THE HOUR.
Through an oversight the Democratic state committees in the official call for the state convention to be held in Louisville August 15, to formulate a platform, failed to designate the hour at which the convention would meet.
The omission has been brought to the attention of the state committees and the matter will be rectified before the date for the convention.
It is expected that the state convention, which will be held at the Masonic theater, Louisville, will be called to order at noon, the usual hour for meetings of Democratic state conventions.

Obituary.
Sandy J. Outland, son of Eld. J. D. and Jane Outland, was born Jan. 12th 1870, departed this life July 16th, 1911, at the age of 41 years, 6 months and 4 days. He professed faith in Christ in early life and joined the Baptist church of which he was a member at the time of his death.
He was married to Miss Vinilla Grogan Jan. 9 1890. This union was blessed with 8 children, one of which preceded him in death to the other shore. He leaves a father and mother, three brothers and one sister, a wife and 7 children together with a host of relatives and friends to mourn his death. After funeral services by Rev. W. J. Benie and this scribe in the presence of one of the largest assemblies that ever met in the Outland grave yard, the remains were laid to rest under the auspices of the W. O. W. order to await the resurrection.
Bro. Outland was an honest man, truthful and industrious. He was an excellent neighbor, a devoted husband, an exemplary father and a true friend. His death is a great loss, but we feel sure that our loss is his gain. He has finished his work on earth. He has simply fallen asleep and preceded us to that rest remaining to the people of God. To the bereaved ones, let's not mourn as they who have no hope for if we have been redeemed by the blood we shall meet him and see him again where sickness and death can never come, and where there is no parting and farewell tears to be shed. Let's bow in humble submission to him that doeth all things well and who makes no mistakes. May God's richest blessings rest upon all the relatives and the family that is left so lonely is the prayer of his pastor. N. S. Castleberry.

Dilza Cook, of Hopkinsville, arrived here the past week and has accepted a position of his uncle, M. D. Holton.

Obituary.
A little daughter of Mr. and Mrs. Ernie Calhoun died the 24 of Jan. 1911. Little Ruby Lois was 2 years 11 months and 24 days old. She was laid to rest in the Miller grave yard. Funeral services were conducted by Bro. Sandie Allen. Little Ruby suffered so much. We did all we could to save her. The Lord giveth and the Lord taketh away blessed be the name of the Lord. We cannot call her back, neither should we wish to, for she has a better home than we could ever have given her. We would say to the bereaved parents and friends, weep not, for little Ruby is in heaven with her little hands beckoning to us to come. Lonely are our hearts today, for the one we loved so dearly has forever passed away. We would say to the father and mother, try to be prepared to meet little Ruby in heaven, for she is waiting for us to come. We know that little Ruby cannot come to us but we can live so as to go to her.
Sleep on, sleep on, And take thy rest, We loved you, little Ruby, But feel loved by you best.

Seemed to Give Him a New Stomach.
"I suffered intensely of eating and no medicine or treatment I tried seemed to do me any good," writes H. M. Y. Peters, Editor of the Sun, Lake View, Ohio. "The few doses of Chamberlain's Stomach and Liver Tablets gave me surprising relief and the second bottle seemed to give me a new stomach and perfectly good health." For sale by Dale & Stubbinsfield.

Obituary.
The death angel visited the home of Mr. John Turpin, Jan. 23, 1911 and carried away his spirit. He was a good devoted husband and kind father. He leaves a wife, four sons, two daughters and a host of friends to mourn his death. Mr. Turpin had been very poorly for some time with stomach trouble. He suffered 3 long weeks before death brought him relief. We regretted very much to give up our good loyal neighbor and friend. We extend our heartfelt sympathy to the bereaved ones. Dear friend we hope to meet you in that mansion fair and bright. We would say to the bereaved ones, weep not, but trust in Jesus and live so you can meet face to face on high, where there will be no sad good-byes. Mr. Turpin was a devoted member of the Church of Christ in which he lived until death. Burial took place Jan. 30 at the Rowlett grave yard. Sleep on father, and take thy rest in Jesus' arms, forever blest.
—A Friend.

Mrs. Lura Phillips, of Murray, Ky., came over from Eureka and spent the week with Mrs. Covington, on South 6th St., and Mesdames Province and Harton, of the Cottage Hotel. She left for Dawson Springs this morning.—Rogers Democrat.
Mrs. Phillips passed through Murray last Thursday en route to Dawson where she will spend a few weeks, before returning home.

Obituary.
Jerry McBride, was born Jan. 8, 1839, died Dec. 24, 1910, aged 71 years 11 months and 16 days. He professed faith in Christ in 1877 and joined the Methodist church of which he lived a most consistent member until death. On Feb. 23, 1865 he was married to Sarah A. Young and lived a useful life with her until his heavenly Father called him to a happier home. He was the father of 12 children, nine girls and three boys. Of the girls four went to their heavenly home before father and we have no doubt they were at the pearly gates to welcome him in. To say he was a faithful companion, loving and unselfish father seems not to express it. Father was confined to his bed six weeks with that dreadful disease, consumption, but was a constant sufferer for eight months. He bore his affliction with christian fortitude, never once complaining about anything he had to do

or anything that was done for him. His last moments on earth were spent in peaceful slumber and when he awoke it was to live with sweet Jesus through an endless eternity. Old home is now so lonely, the one once so much company is now so much missed. He is missed morning evening and night and when trying to cheer our dear mother we feel our great weakness to console in such heart rendering grief, for we feel that this, our great loss, not fathers, has inflicted a wound which time can never heal.
Dear heavenly Father, I come to thee in this hour of bereavement and ask thee to keep us ever near thee and help us to so live that when the time comes for us to bid earth adieu, we may meet our dear father in heaven. Written by his youngest daughter, Francis McBride.

Forced Into Bankruptcy.
J. T. Turnbow & Co., Cross-land merchants, who recently made an assignment for the benefit of creditors, were forced into involuntary bankruptcy Monday of this week. The suit was filed in Louisville by Belknap Hardware Co., and other creditors. The attorneys for the creditors are Holland & Hanberry, of this place. Mr. Holland left Thursday at noon for Paducah where he will appear before Referee E. W. Bagby for the appointment of a receiver. The total amount of liabilities of the concern is estimated at about \$20,000 with assets of about \$12,000.

Obituary.
On the 11th day of February 1911 the white robed angel of death visited the home of Dug and Belle Jones and laid the ice cold hand of death upon the spirit of their darling little daughter, Lois Lorine, and took it home to his sweet resting place. She was 9 months and 25 days old. It was hard to give little Lois up but God knows best. Weep not dear parents for she is with her little brother Sammy in heaven. Oh, what a happy time they had when she entered the pearly gates and saw her little brother. Weep not dear parents but live so that when the pale death rider comes and claims you as he did little Lois and Sammy that you meet them up yonder where there will be no more parting but joy and happiness for ever. God giveth and God taketh away. Sleep on little darling. For we know where. We have no thought. But you are in God's care. A brother-in-law.—T. A. Jones.

PRICE 50 CTS. AT ALL DRUG STORES.

TESTED AND PROVEN.
There is a Heap of Solace in Being Able to Depend Upon a Well Earned Reputation.

For months Murray readers have seen the constant expression of praise for Doan's Kidney Pills, and read about the good work they have done in this locality. Not another remedy ever produced such convincing proof of merit.
J. J. Owen, 113 E. North St., Mayfield, Ky., says: "I suffered from backache, particularly if I stooped. At night I could not rest well on account of the pain in my loins. I longed to rid of the trouble, but was unable to do so until I procured Doan's Kidney Pills. In a short time after commencing their use, I was entirely relieved of the annoying backache." (Statement given in July, 1903.)

CONFIRMED PROOF.
On May 14th, 1907, Mr. Owen was interviewed and said: "What I stated through our Mayfield newspapers in the summer of 1903 about Doan's Kidney Pills still holds good. During the four years which have since elapsed there has been no recurrence of my trouble and in view of this fact I again highly recommend this remedy to other kidney sufferers."
For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.
Remember the name—Doan's—and take no other.

Crit Farmer, who lives a few miles west of Murray on the farm known as the Harris place, lost his home and contents by fire last Monday at about noon. The fire is supposed to have originated in the front room of the house and the exact cause is absolutely unknown. The house was covered by a policy of \$700 while he is carried about \$200 on the contents. The loss is quite an item to Mr. Farmer and his many friends sympathize with him in the loss. It is the second time he sustained such a loss.

Rheumatism Relieved in a House.
DR. BERTON'S REMEDY FOR RHEUMATISM usually relieves severest cases in a few hours. Its action upon the system is remarkable and effective. It removes the cause and the disease quickly disappears. First dose benefits, 75c and \$1.00. Sold by Dale & Stubbinsfield, Druggists.

You Must Pay Up.
All persons indebted to me by note, or account are notified to come forward at the earliest date possible and make settlement. Do not overlook this matter but give it your attention at once. I need the money, and the accounts must be paid at once.—Dr. E. R. Blalock, Pottertown.

CONTINUE THE INVESTIGATION INCLUDE OTHER SHER FFs.
The Mayfield Mirror of last week says:
"The fiscal court of the county has arranged to continue the investigation of the accounts of former sheriffs of the county, reverting to the four-year term of J. N. Harris and one year of the four-year term of Sam Douthitt, who preceded Mr. Harris as sheriff."
\$1 gets the Ledger one year.
